INFO

REGISTRATION FEE

Only 12 places are available for the full course, including attendance to the hands-on section, at a fee of € 2.440,00 VAT 22% included. As we strongly believe in the importance of multidisciplinary, in case of a surgical team (otolaryngologist and neurosurgeon), a reduced registration fee will be applied to both members, equal to € 2.196,00 VAT 22% included.

The fee includes: entrance to the course, course material, certificate of attendance, coffee and tea breaks, lunches and social dinner. Only six places for Observers are available at the reduced fee of € 976,00 VAT 22% included. The fee includes entrance to the course with observation of the hands-on phase in the anatomy laboratory, attendance of the live surgery section, certificate of attendance, coffee and tea breaks, lunches and social dinner. The registration must be sent to the Organizing Secretariat within May 31st via fax or e-mail, along with the payment.

REFUND POLICY

Cancellations received within the registration deadline (May 31st): 70% refund. Cancellations received beyond the registration deadline: no refund. The name of the participants can be changed within seven days prior to the course.

CANCELLATION POLICY

In the unusual circumstance that the course is cancelled, two weeks notice will be given and the fee will be refunded in full. The Organizers are not responsible for any airfare, hotel or other costs incurred.

INSURANCE

Organizers do not accept responsibility for individual medical, travel or personal expenses. Participants are strongly advised to take out their own personal insurance policies.

ACCOMMODATION

INTERNATIONAL SUMMER SCHOOL

JULY 4 | 8 2016

BRESCIA - ITALY

TRANSNASAL ENDOSCOPIC SURGERY:

FROM SINUSES TO SKULL BASE

HANDS-ON ANATOMY LABORATORY AND LIVE SURGERY

PROGRAM

Aim of this course, which is now in its second edition, is to offer an overview of the applications of trans-nasal endoscopic surgery, starting from simple procedures performed under local anesthesia to more extensive operations adopted for inflammatory disease, benign and malignant sino-nasal tumors, skull-base diseases, sellar and parasellar lesions, down to the clivus, nasopharynx and cranio-vertebral junction.

Also thanks to the University of Brescia support, the course will provide a hands-on section, followed by a live surgery phase.

The first three days will be dedicated to the endoscopic endonasal dissection of injected, fresh frozen specimens. At the Gross Anatomy Laboratory of the University of Brescia directed by Prof. Luigi F. Rodella each working station is complete of endoscopic skull base surgery equipment, as well as CT-based navigation. Two participants and one observer will be assigned to each station and will be supervised by at least one faculty member to allow for a personalized tuition. Each step will be preceded by lectures by the faculty members, including world renown Anatomy Professor Manfred Tschabitscher.

The following two days will be dedicated to live surgery, with at least two running operating rooms, in which different operations will be shown and discussed step by step. As well as watching the operations from the connected meeting room, participants and observers will have the chance of observing surgery directly in the OR. Lectures will be provided by the local and international faculty, all recognized leaders not only in the fields of endonasal endoscopic surgery and endoscopic skull base surgery, but also in other essential specialties, such as radiology and endocrinology.

Aim of the course is indeed to provide a thorough journey in this exciting field, showing the importance of multidisciplinary, from the anatomy laboratory to the clinical, multispecialty collaboration.

Five intense days are awaiting for you with the chance of interacting directly and informally with world experts in the field.

The course includes an informal social dinner with all faculty and participants on Thursday July 7th.

Aim of all the faculty is to share their expertise with you. We look forward to seeing you in Brescia!

HANDS-ON SECTION

●●● DAY 1

Gross Anatomy Laboratory
University of Brescia

8:00
Registration

8:15
Welcome address
P. Nicolai, M. Fontanella, L.F. Rodella

8:30
An endoscopic journey
of the skull base
P. Nicolai

9:00 - 12:30
Hands on dissection
Modular transphenoidal
approaches

12:30 - 13:30 Lunch

13:30 - 17:00
Hands on dissection
Transellar, transtuberulum,
transplanum approaches
and reconstruction

HANDS-ON SECTION

●●● DAY 2

Gross Anatomy Laboratory
University of Brescia

8:30
Imaging of skull base anatomy
and disease
R. Maroldi

9:00 - 12:30
Hands on dissection
Transpterygoid approach to the
cavernous sinus and petrous apex

12:30 - 13:30 Lunch

13:30 - 17:00
Hands on dissection
Transclival approach
and odontoidectomy

●●● DAY 3

Gross Anatomy Laboratory
University of Brescia

8:30
Endoscopic approaches
to the coronal plane
P. Herman

9:00 - 12:30
Hands on dissection
Transcribriform approach
Transmaxillary approach
to the infratemporal fossa

12:30 - 13:30 Lunch

13:30 - 17:00
Hands on dissection
Temporoparietal fascial flap for
posterior skull base reconstruction
Endoscopic approaches to the orbit

LIVE SURGERY SECTION

●●● DAY 4

Didactic room - Spedali Civili Brescia

8:00
Introduction to the live surgery
section of the course
P. Nicolai, M. Fontanella

8:15
Clinical cases of the day

8:30 - 17:30
Live surgery and lectures

Lectures of the day:
Pituitary adenomas
P. Cappabianca

Pituitary adenomas: the
endocrinologist point of view
A. Giustina

Sellar and parasellar pathology:
the pathologist point of view
P.L. Poliani

Interventional neuroradiology
in skull base surgery
R. Gasparotti, D. Mardighian

Endoscopic surgery for sinonasal
malignancies
P. Nicolai

LIVE SURGERY SECTION

●●● DAY 5

Didactic room - Spedali Civili Brescia

8:00
Clinical cases of the day

8:30 - 17:30
Live surgery and lectures

Lectures of the day:
Multiportal endoscopic approaches
to the skull base
P. Castelnuovo

Cavernous sinus endoscopic
surgery
G. Frank, E. Pasquini

Transphenoidal surgery
for craniopharyngiomas
F. Gentili

Endonasal endoscopic surgery
for meningiomas
D. Locatelli

Endonasal endoscopic surgery
for clivus chordomas
D. Bresson
